## TOPIC OF INTEREST

### Know more about Rajiv Gandhi Equity Savings Scheme (RGESS)

**1. What is RGESS?**

**Ans.** Rajiv Gandhi Equity Savings Scheme (RGESS), is a tax saving scheme announced in the Union Budget 2012-13 (para 35). The scheme is designed exclusively for the first time retail individual investors in securities market, whose gross total income for the year is less than or equal to ₹10 lakh. The investor would get under Section 80CCG of the Income Tax Act, a 50% deduction of the amount so invested, upto a maximum investment of ₹50,000, from his/her taxable income for that year.

**2. What is the objective of the Scheme?**

**Ans.** As announced in the Union Budget 2012-13, the objective of the Scheme is to encourage the flow of savings and to improve the depth of domestic capital markets. This would help in promoting an 'equity culture' in India. The Scheme aims at widening the retail investor base in the Indian securities markets and also furthers the goal of financial stability and financial inclusion.

**3. What is the legal provision for RGESS?**

**Ans.** A new section 80CCG under the Income tax Act, 1961 on 'Deduction in respect of investment under an equity savings scheme' was introduced, vide Finance Act 2012, to give tax benefits to 'New Retail Investors' who invest up to ₹50,000 in 'Eligible Securities' and whose gross total annual income is less than or equal to ₹10 Lakhs.

The details of the RGESS Scheme were notified on 23 November 2012 (Section No. 2777(E); Notification No. 51) and vide subsequent corrigendum dated 5 December 2012 (Section No. 2835(E); Notification No. 53) by Department of Revenue. The operational guidelines were issued by SEBI on 6 December 2012.

**4. Would first time investors not lose money in the equity market? Would it be too dangerous for them to invest in it?**

**Ans.** The investors in the RGESS run the risk of losing money in the equity market, like any other investor in the securities market. The Scheme does not provide any guarantee of assured returns. Therefore, investors under RGESS are advised to do due diligence before making any investments in the equity market. However, while designing the Scheme, safeguards like, restricting the investments to select large cap stocks, lock-in period with enough flexibility to take benefits of the positive market movements etc. have been provided to protect the interests of the first time investors.

To give the benefit of diversification and consequent risk minimization, investments into Exchange Traded Funds (ETFs) or Mutual funds, set up as per the criteria laid down in the scheme, are also allowed under the Scheme.
