## TOPIC OF INTEREST

### Submit delivery instructions on the internet through *SPEED-e*

(continued from April 2011 issue)

**6. Is there any further benefit of the e-token option in *SPEED-e* facility ?**

**Ans.** Following are the additional benefits of e-token option in *SPEED-e* facility:

- e-token user can transfer securities to any account unlike password users where transfer of securities is permitted only to three pre-notified Clearing Member accounts.
- Single e-token can be used to access all your demat accounts, opened with the same DP.
- Facility of multiple authorisation.
- You can freeze your demat account or any particular ISIN or specific quantity within an ISIN yourself, through *SPEED-e*. The account frozen using *SPEED-e* can be unfrozen only by you. Thereby you can deliver instructions and transfer securities when you wish, lock the account and unlock it only when you need to, i.e. complete control of your account in your hands.

**7. How does one operate jointly held Demat Accounts through *SPEED-e* ?**

**Ans.** For password based operation, only one user can operate the account. Joint holders will have to give a Power of Attorney to one joint holder among themselves. For e-token based operation, in addition to what is stated above, all the joint holders can operate the account independently or jointly using multiple authorisation facility.

**8. What are the features of SIMPLE?**

**Ans.** SIMPLE (Submission of Instruction through Mobile Phone Login Easily) is a facility which enables the password based users of *SPEED-e* facility to submit instructions on *SPEED-e* website through their mobile phones.

**The Salient features of SIMPLE are as follows:**

- This facility is available for password based users of *SPEED-e* facility.
- Users can submit Client to Clearing Member Pool Account transfer instructions on *SPEED-e* website through their mobile phones.
- Mobile phones of the Users with GPRS facility can be used for accessing *SPEED-e* website.
