Did you know?

The rupee is the common name for the currencies of India, Pakistan, Sri Lanka, Nepal, Mauritius, Seychelles, Indonesia (as the rupiah), Maldives (as the rufiyaa) and formerly those of Burma and Afghanistan. Historically, the first currency called "rupee" was introduced in the 16th century by Sher Shah Suri, founder of the Sur Empire of Northern India. The term is from rūpya, a Sanskrit term for silver coin, from Sanskrit rūpá, beautiful form.

NSDL Update – News – September 2013

Hon'ble Finance Minister, Mr. P Chidambaram launches National Insurance-policy Repository (NIR)

It gives us immense pleasure to inform that our subsidiary NSDL Database Management Limited (NDML) has been granted its certificate of registration to act as an Insurance Repository by Insurance Regulatory and Development Authority (IRDA). With this, individuals can now hold insurance policies in electronic forms, as we currently hold our shares and other securities. We have named this initiative as "National Insurance-policy Repository" (NIR).

A brief about NIR:

- ❖ Facilitates holding of all insurance policies in a single e-Insurance Account (eIA)
- ❖ Does away with the hassles associated with holding the insurance policies in physical form
- ❖ Requires Know Your Customer (KYC) to be done only once i.e. for opening the e Insurance Account
- ❖ Acts as a single point of contact for the account holder to update demographic details with insurance companies
- ❖ Facilitates conversion of the existing paper policies into electronic policies at the request of the policy holder

We all have experienced the change that dematerialization of securities has brought in the capital market and we are sure that this new initiative will bring in more transparency and efficiency in the insurance industry.

As this is similar to the depository structure there is a business opportunity for our Depository Participants (DPs). DPs can become an Approved Person to service its clients for opening and servicing of the e Insurance Account (eIA).

Please visit <http://nir.ndml.in> for further information and e Insurance Account opening process. Feel free to get in touch with us at helpdesk.nir@nsdl.co.in / 022 49142631.

Frequently Asked Questions (FAQs) on the e-Voting system of NSDL (For Shareholders)

Q.1 I know about voting by 'Postal ballot'. What is e-Voting?

Ans. e-Voting is voting through an electronic system where shareholders can vote on resolutions of companies requiring voting through Postal Ballot as per extant rules and regulations without having the necessity of sending their votes through post. Accordingly, NSDL has set-up an electronic infrastructure to facilitate shareholders to cast votes in electronic form through internet.

Q.2 What is the legal framework permitting e-Voting?

Ans. The Companies (Passing of the Resolution by Postal Ballot) Rules, 2001, has defined the "Postal Ballot as voting by shareholders by postal or electronic mode instead of voting personally by presenting for transacting businesses in a general meeting of the company".
