

**Circular No.: NSDL/CIR/II/39/2026****Date: July 29, 2026****Sub: VPN-based internet connectivity.**

Attention of Issuers/RTAs is invited to NSDL/CIR/II/025/2008 dated October 13, 2008 regarding *Migration to Multi Protocol Label Switching (MPLS)* wherein NSDL had introduced Multi Protocol Label Switching (MPLS) technology for the purpose of the primary mode of connectivity between the NSDL DPM SHR system and NSDL.

NSDL has now introduced another new primary mode of connectivity i.e. **IPsec VPN-based internet connectivity** between the NSDL DPM SHR system and NSDL.

The said facility shall be applicable from **August 01, 2026** onwards.

Further, Issuers/RTAs are requested to also ensure that the electronic communication link between the NSDL DPM SHR system and NSDL Depository Module system must be maintained at all times to adhere to the relevant compliance requirements as prescribed under the NSDL Business Rules, as amended from time to time.
