Circular No.: NSDL/POLICY/2014/0054 Date: April 30, 2014

Subject: Launch of FAST - Freezing of demat Account Securities for Trade - Facility for Clients to freeze securities in their demat accounts in favour of Clearing Member through SPEED-e facility.

NSDL is pleased to launch a facility named FAST (**F**reezing of demat **A**ccount **S**ecurities for **T**rade) which enable Clients to freeze securities in their demat accounts in favour of Clearing Member (CM) through SPEED-e facility for the trade orders submitted on NOW (NEAT on Web) facility. For this purpose, SPEED-e facility, offered by NSDL to its Participants, has been integrated with NOW facility. FAST will be launched from **May 5, 2014**.

In view of this, SPICE facility *(Ref.: Circular No. NSDL/POLICY/2013/0070 dated May 10, 2013)* has been further enhanced to enable CMs to debit the securities frozen in Client's beneficiary accounts (who have given POA to CM) and credit their CM Pool Account. This facility is named as SPICE - FAST.

The salient features of FAST facility are as under:

- Client will approach its CM for availing FAST facility.
- Client will log-in to NOW facility using the User ID and password provided by CM and submit the "sell" order on NOW facility.
- User will be re-directed to SPEED-e website (https://eservices.nsdl.com/) where user will log-in to SPEED-e facility to execute freezing of securities in its demat account based on the details mentioned in "sell" order. The securities will be frozen (in favour of CM) .
- Subsequent to the execution of trade order, CMs will debit the frozen securities through SPICE - FAST facility so as to transfer frozen securities from Client's account to the CM Pool Account.

The detailed process flow alongwith various features of this facility are enclosed at annexure. The file formats in respect of the back office interface with SPEED-e and DPM system were provided vide Circular No. NSDL/POLICY/2013/0120 dated October 15, 2013 (*copy of the circular is enclosed*). While explaining the process flow, references of various annexures are
