- Audit Qualification (If Any) :

Adverse Remark:

1. Auditors draw attention to Note 12 to the financial results of Q1'2024-25 in relation to certain claims made by the Company in respect of which the Company had recognised revenue as it had assessed the same to be highly probable of collection. However, the Company received lower adjudication awards or rejections in respect of certain elements of such claims resulting in the awards being lower than the amounts estimated and recognised. In view of these lower/ rejected awards, there are uncertainties around the claim amounts that may eventually be accepted/ realised, and in our opinion, it does not meet the condition for recovery of such claim being highly probable. Consequently, Revenue from Operations and carrying value of Other financial assets is overstated by Rs. 29,864.77 lakhs, Contract execution expenses and Other current liabilities is understated by Rs. 599.23 lakhs with consequential impact on the results/ information for the quarter ended June 30, 2024.

- Regulatory Strictures, If Any : Nil

- Details of default of CPs, including technical delay in redemption during past Five years and details of default and delay in redemption of any other borrowings during last Five years:
 - Technical delay in servicing of interest due on Jan01, 2021 on short term loan availed from Kotak Mahindra Bank. The company had sufficient funds but the payment failed due to technical reasons and the same was made good on Jan 04, 2021.
 - Technical delay in remittance of CP redemption before 2 PM on Feb 22, 2021 (redemption date) due to erroneous funding to a different account of Tata Projects maintained with IPA and the same was remitted on the redemption date.
